- Receive Account Alerts
- Transfer Between Circle FCU Accounts
- View E-Statements
- Apply For a Loan
- Manage and Control Your Debit and Credit Cards
- Post Pending ACH Credits Early

Deposit a Check

Manage your Circle FCU Debit and Credit Cards conveniently within our Mobile App! When you get started with Card Controls you can easily **turn your debit or credit card ON or OFF**, report lost or stolen card(s), view recent transactions, set up transaction alerts and more! Card controls allow you to monitor and stop fraud as soon as it occurs.

Through our Mobile Deposit Capture program in our Mobile App, you can **deposit your checks by simply** taking a photo of your check with your mobile device! To enroll, click on 'Deposit a Check' then 'Register'. Within one business day after enrollment, check back in to see your approval status. **Approved checks will be deposited into your account seconds after we approve!** The approval window for same day availability is 8 am to 4 pm, Monday through Friday. *Any check(s) deposited after 4 pm will be subject to approval and availability for the next business day.

And don't forget about... MOBILE WALLET

Securely Store your Circle Federal Credit Union Debit MasterCard® in your Phone's Mobile Wallet! Utilize your Mobile Wallet for quick checkouts when shopping in store or online. Let us help you make your purchases **easy, convenient, and secure!**

- Paying with a Mobile Wallet is safer than giving the store your card number and PIN. Transactions
 are validated by a number that is unique to each device and card. This encrypted number is
 used to authorize purchases so your card number and PIN are never transferred or stored with
 the merchant, meaning they are less likely to be compromised.
- Many smartphones will require a fingerprint TouchID or Facial Recognition that can be used to authorize the transaction.
